

## Around Town

Navy Cryptologic Technician Seaman Apprentice Maureen Sullivan, daughter of the Paul Sullivans of South Main Street, was recently graduated from Basic Cryptologic Technician "O" school.

The self-paced course was conducted at the Naval Technical Training Center in Pensacola, Fla., and was designed to train students as Special Intelligence Communication Center operators. Students

received instruction on communication systems, teletype-writer equipment, communication technical control and cryptographic systems. Maureen joined the Navy in July of 1978.

Members of the Cohasset Dramatic Club hired a bus to take them to the Colonial Theatre to see DRACULA. Refreshments were served on the bus and local couples included: the Dwight Di-Bonas, the John Hallorans, the Donald Woolfs, the Peter Tolmans, the Burke Ketchums, the Bob McKays and the Club President Ron Massa and his wife Trisha.

DRACULA is a once-in-a-lifetime theatrical event and the Club members appreciated the work that went into the Edward Gorey sets and the stylized direction.

In anticipation of Federal Funds for summer jobs for youth, the Quincy CETA Youth Work Experience Program is issuing this request for Project proposals.

All public and private non-profit agencies in the Quincy CETA area are encouraged to submit a plan for a summer work project which would provide full time (30-hours per week) constructive work experiences to groups of young people ages 14-22. Plans should outline the need for the service, number of employees required and the method by which the work will be completed. Project supervisors and youth wages will be provided by the Quincy CETA Program.

Projects concerned with community improvement and social services provision will be given priority consideration.

The summer youth program operates through July and August and serves the following cities and towns:

Braintree  
Cohasset  
Hingham

Holbrook  
Hull

Norwell  
Quincy  
Randolph

Scituate  
Weymouth

Please be advised that the funding of any project is contingent upon the receipt of appropriate federal funds by the Quincy CETA Program.

All project outlines or inquiries should be sent to:
